**2017 Fire Prevention and Safety Grant Application**

Dear Council,

The Pocatello Fire Department staff requests the Councils support and approval to apply for the 2017 Fire Prevention and Safety Grant. If successful we would use the Funds to hire an outside consulting organization to conduct a Community Risk Assessment for our area of response.

1. Community Risk Assessments can identify and prioritize local risks, followed by the integrated and strategic investment of resources (emergency response and prevention) to reduce their occurrence and impact on our community.
  - a. A Community Risk Assessment is listed as a high priority for funding.
2. If successful we will have a 5% cost share
  - a. The average cost quoted so far is \$50,775
  - b. We are seeking estimates and waiting it to arrive back.
3. If the grant is received, the City is not required to accept it if there is not funding or choses another direction.
4. We will keep you informed along the way.
5. The Fire Department may need help in the form of assistance with documents for financials.
6. The grant is due March 16<sup>th</sup>.

*Thank You,*

*Kim Stouse
